

Good afternoon,

I'm reaching out to provide an update on the [14 Street S.W. Reconstruction project \(Anderson Road to Canyon Meadows Drive S.W.\)](#)

Construction Update | March 2024

Enmax will be starting to relocate existing overhead power line on the west side of 14 Street S.W. This work is anticipated to be completed by the end of April 2024.

The contractor hired for the 14 Street S.W. Reconstruction project will be proceeding with work around the Canyon Meadows golf course to complete work related to the installation of a storm pipe tie-in. Additionally, light underground work, utility installations, topsoil stripping and removals work will begin towards the end of March 2024.

Access to adjoining communities and the Canyon Meadows Golf and Country Club will be maintained throughout construction. There are no planned roadway closures or traffic impacts expected.

A full, two-month closure of 14 Street S.W. is currently scheduled to start at the end of April 2024. More information and updates will be provided closer to this date.

We will continue to provide project updates on the [webpage](#) throughout construction.

If you have any questions, please do not hesitate to reach out.

We kindly request that you respond to this email to acknowledge receipt.

Thank you.

Regards,
Adrian
